Tot Rods revisited

Children’s toys hold a place amongst the most ancient artifacts. They typically mirror the adult world children aspire to and often teach children how to look forward to life as a grown-up.

The pedal car holds a unique position in the history of toys. A product of the Industrial Age, it took the idea of the “hobby horse” which itself saw a transition to pedal power in the late 19th century, to the next level. The earliest recorded pedal-powered vehicle was the “Quadracycle” exhibited in 1853 at the “Exhibition of the Industry of All Nations

World’s Fair” held in New York City at the time when two-wheeled bicycles became popular.

Pedal cars mirror automotive design of the Machine Age and reflect advancements in mass production as applied to toy manufacturing. As artifacts, they have become nearly as popular with collectors as the actual automobiles themselves.

This exhibit features pedal cars from the Robert Guenther Collection and will be featured in the Slawson Gallery June 17, 2020 through June 2021.

BLUE STAR MUSEUMS

The Historical Museum joins more than 2,000 museums across America to offer free admission to the nation’s active duty military personnel, including National Guard and Reserve and their families, from Memorial Day through Labor Day 2020. A collaboration among the National Endowment for the Arts, Blue Star Families, the Department of Defense, and museums across America, the program, established in 2010, provides families an opportunity to enjoy the nation's cultural heritage and learn more about their community, especially after a military move. The list of participating museums is available at arts.gov/bluestarmuseums.

Last summer, more than 900,000 military members and their families took advantage of free admission as part of Blue Star Museums, visiting historical museums, fine arts museums, science museums, music museums, nature centers, and children’s museums.

Leadership support for Blue Star Families programming and promotional materials has been provided by MetLife Foundation. The effort to recruit museums has involved partnerships with the American Alliance of Museums, the Association of Art Museum Directors, the Association of Children’s Museums, the American Association of State and Local History, the Association of Science-Technology Centers, and the Institute of Museum and Library Services.

The free admission program is available to any bearer of a Geneva Convention common access card (CAC), a DD Form 1173 ID card (dependent ID), or a DD Form 1173-1 ID card, which includes active duty U.S. military - Army, Navy, Air Force, Marines, Coast Guard, as well as members of the National Guard and Reserve, U.S. Public Health Service Commissioned Corps, NOAA Commissioned Corps - and family members. MEMBERSHIP DRIVE 150
WELCOME NEW MEMBERS

Having just celebrated the Museum’s 80th year, we transition to the City/County Sesquicentennial and an ideal opportunity to launch a membership drive. When the Museum was chartered with endorsements from over 350 enthusiastic supporters, Wichita and Sedgwick County were a mere 70 years old with a population equal to a quarter of what it is today. We are using this historic fact to set our goal for new membership support. Who makes a good member? Those who recognize the value of our unique local history as a unifying force that brings identity to the community and shares our story with the world. We ask members to acquaint friends with the Museum by giving them an admissions pass with the suggestion they join in support through membership. Membership in the association is an essential way to support the Museum and a great way to stay apprised of all that it has to offer. Our Goal is to double the current membership to 1,400.

We are pleased to acknowledge recent Museum members!

HONORING YOUNG HISTORIANS

The Historical Museum celebrates young historians!

Saturday, May 9th
2:00 p.m.
DeVore Auditorium

The Museum partnered with Friends University in sponsoring National History Day competition for an 11th year. This national competition engaged over 300 area students, challenging them to interpret history through various mediums including exhibits, video, website design, essay, and performance. Students choose historical topics related to the national theme of “Breaking Barriers in History.”

For students, nothing brings academics into focus like reflecting on one’s own history and heritage. The Wichita-Sedgwick County Historical Museum acts as their portal to the past. Supported by our mission, the Museum encourages student participants to use local history as a basis for their NHD projects. This begins early in the school year with an Essay Contest sponsored by the DeVore Family Foundation. The essay is a warm-up exercise for their projects and challenges students to approach the theme with a local perspective.

The winner of the 10th Annual DeVore Essay Contest will be honored during the Young Historian Awards on May 9th at 2pm. The event recognizes all students proceeding to state competition as well as those who based their projects upon local, Sedgwick County history topics. The program is followed by refreshments and special tours of the Museum including the clock tower. Winning exhibits will be featured in the Museum’s Davis Gallery located on the first floor.
THE ARTISTIC LIFE and WORK of GENEVIEVE FRICKEL

FIRST FRIDAY OPENING
AUGUST 7TH 5-7PM

Genevieve Ingram Frickel (1900-1985) was an independent visual artist and remarkable figure in the local art and culture scene of mid-century Wichita. Frickel led the Art Department at the Wichita School of Fine Arts before moving to Tucson, Arizona in 1953, where she exhibited her work and taught portrait and landscape painting. She returned to Wichita in the late 1950s and opened the Genevieve Frickel Art Studio and directed the Index Gallery above the Fairland Café in downtown Wichita. An influential teacher, many of Frickel’s students became professional artists.

A serious artist herself, Frickel studied at the Municipal University of Wichita and traveled widely in pursuit of inspiration and recognition. She corresponded with a range notable artists including Bruce McGrew, Adolf Dehm and Charles Schultz. Frickel was also an aspiring author, poet, and amateur musician who raised three sons with her husband Henry, a math instructor at Roosevelt Junior High School.

This exhibit on view through August of 2021 and is supported by a generous gift from the Lois Kay Walls Foundation.
