Art Deco style revolutionized design, architecture, and fashion. The term, popularized in the late 1960s, was derived from arts décoratifs, as referenced in the Exposition Internationale des Arts Décoratifs et Industriels Modernes, held in Paris in 1925. The exposition—attended by visitors from as far away as Wichita, Kansas—quickly set the scene for the visual world of the 20th century. New materials, technology, and manufacturing techniques collided with modern art movements creating a distinct new aesthetic that reshaped our visual experience. Stark abstract decoration and nonrepresentational designs became hallmarks of Art Deco style as Americans—and Wichitans—raced toward the modern age.

Our Mission: The Wichita-Sedgwick County Historical Museum’s mission is to educate the community and its visitors about local history by collecting, preserving, and interpreting materials reflecting the heritage of Wichita and Sedgwick County.

CONTINUED FROM PAGE 1

Burgeoning urbanization and technological advances in the 20th century introduced dramatic change. Wichita became a major regional commercial center offering a wider variety of goods and services. Wichitans chose from numerous department stores to purchase modern fashions, decorative items, and household accessories. Elements of Art Deco could be seen everywhere in Wichita in the 1920s and 30s, and they still resonate today.

Reflecting the gilded optimism of the 1920s and the tempered spirit of the 1930s, the objects in this exhibit—including clothing, home furnishings, recreational materials, and photographs—are drawn from the Museum’s permanent collection as well as from local private collections.

BLUE STAR MUSEUMS

The Historical Museum joins more than 2,000 museums across America to offer free admission to the nation’s active duty military personnel, including National Guard and Reserve and their families, from Armed Forces Day, Saturday, May 21 through Labor Day 2022. A collaboration among the National Endowment for the Arts, Blue Star Families, the Department of Defense, and museums across America, the program, established in 2010, provides families an opportunity to enjoy the nation's cultural heritage and learn more about their community, especially after a military move. The list of participating museums is available at arts.gov/bluestarmuseums.

Leadership support for Blue Star Families programming and promotional materials has been provided by MetLife Foundation. The effort to recruit museums has involved partnerships with the American Alliance of Museums, the Association of Art Museum Directors, the Association of Children’s Museums, the American Association of State and Local History, the Association of Science-Technology Centers, and the Institute of Museum and Library Services.

The free admission program is available to any bearer of a Geneva Convention common access card (CAC), a DD Form 1173 ID card (dependent ID), or a DD Form 1173-1 ID card, which includes active duty U.S. military - Army, Navy, Air Force, Marines, Coast Guard, as well as members of the National Guard and Reserve, U.S. Public Health Service Commissioned Corps, NOAA Commissioned Corps - and family members. Contact the Museum for details.
BLOOMFIELD CARILLON CONCERT

The original carillon was given to the City by the Sam and Rie Bloomfield Foundation in 1954. Its bells have sounded from our 170 foot clock tower in the seven decades since. The instrument’s mechanism was replaced in the 1970’s and again most recently through the generosity of a private donors’ group led by Eric Engstrom and Robert Bell, including Paul and Phyllis Buchanan, Michael Easton, Jerry Martin, Bill and Mary Lynn Oliver, and the Ross Foundation, Hal Ross, trustee.

Carillon concerts are held in celebration of holidays such as New Years, Easter, Memorial Day, Independence Day, Thanksgiving, and Christmas and performed by the area’s foremost Carillon artists. The music can be heard on the streets outside of the Museum and perhaps best from Heritage Square—free to visit for all Museum Members. See the Museum’s website, www.wichitahistory.org, for concert information.

National History Day Competition & DeVore Essay Contest

The Museum once again partnered with Friends University in sponsoring National History Day competition, which engages hundreds of area students by challenging them to interpret history through various mediums including exhibits, video documentary, website design, essay writing, and dramatic performance. Students applied this year’s theme of “Debate & Diplomacy in History: Successes, Failures, Consequences” to guide their projects. Students placing first enter State competition and may proceed to National competition in June.

For students, local history is especially relevant. The Museum acts as their portal to the past. We encourage students to use local history as a basis for their NHD projects. This begins early in the school year with an Essay Contest sponsored by the DeVore Family Foundation. The essay, using the NHD theme, challenges students to use local history for their topic.

The Museum celebrates these achievements with the Young Historians Awards, held May 21st at 2 pm in the DeVore Auditorium. It is an afternoon set aside to honor and inspire National History Day participants and the winners of the 12th Annual DeVore Essay Contest.
